According to the above structure, the story changes according to determination of the value relating to the lottery device and simultaneously the game proceeds. Therefore, the player can participate in not only the stop position of the character and the event production but also a change in the story. As a result, a succulent and out of sight game, which has a high degree of freedom is different from a simple board game that a character is allowed to move along a route, can be provided to the player. As the theme, various themes may be selected similarly to the various games which are classified as so-called adventure game or simulation game.
